The organization was established with the mission of protecting vulnerable children from abuse, neglect, and exploitation. Message from the Founder

Dear Friends and Supporters,

It is with immense gratitude and hope that I reflect on the journey of the Child Safe Foundation. Since its inception, we have been unwavering in our mission to ensure the safety, health, and well-being of children across India. Our work is driven by the belief that every child deserves a nurturing environment, free from abuse, neglect, and exploitation—a world where they can dream, grow, and thrive.

Child abuse remains a pressing concern in India, impacting the physical, emotional, and psychological well-being of countless children. At the Child Safe Foundation, we have made it our mission to address this critical issue through education, advocacy, and direct intervention. By empowering children and their families with knowledge and resources, we strive to prevent abuse before it occurs and provide compassionate support to those who have experienced trauma.

In 2024, we witnessed remarkable progress in our programs. From raising awareness about child protection to providing counselling and support services, every initiative reaffirmed our commitment to the children we serve. We have also deepened our collaboration with government agencies and partner organizations, advocating for stronger laws and policies to safeguard the rights of children.

As we move forward, our vision remains clear: to create a safer and more supportive environment for all children. This vision is only achievable with the collective efforts of our supporters, donors, volunteers, and the incredible team at the Child Safe Foundation. I am profoundly grateful for your trust and belief in our mission.

Together, let us continue to protect, empower, and uplift the most vulnerable members of our society. By standing united, we can pave the way for a brighter and safer future for every child.

With heartfelt gratitude,

Nidhi Singh

Key Targets:

- Conduct awareness workshops in schools and communities.

- Establish a helpline for children to report abuse.

Strengthening Community Health Programs

In 2025, we plan to strengthen our community health programs by offering regular health check-ups, vaccination drives, and hygiene education. We aim to improve children's overall health and well-being, with a special focus on malnutrition and preventable diseases.

Key Targets:

- Provide health check-ups and vaccinations to 10,000 children.
- Conduct 50 hygiene education sessions across schools and communities.
- Launch a mobile health unit to reach remote areas.

Expanding the Blanket and Clothing Donation Program

Key Targets:

- Increase the distribution of blankets by 50%.
- Partner with local clothing manufacturers for better quality donations.
- Introduce a year-round donation collection system for clothing.

Environmental Conservation and Green Initiatives

We will continue our efforts to plant trees and promote environmental awareness through our Plantation Program. In 2025, we aim to plant 20,000 saplings, involving children in the process to educate them about the importance of protecting the environment.

Key Targets:

- Organize at least 30 plantation drives.
- Engage over 5,000 children in environmental education programs.
- Partner with local environmental organizations to promote sustainability.
